* Purdue requires 6 semesters of college-preparatory math.

** Lab science (2 courses must be biology, 2 must be chemistry). Other science courses include physics, anatomy, physiology, earth/space science.

*** English includes: grammar, composition, literature, speech and vocabulary, but not journalism, newspaper, yearbook or theater arts.

TRAITS OF A SUCCESSFUL DISTANCE LEARNING STUDENT

- Maintain self-motivation and self-discipline
- Set own pace for learning
- Manage time effectively
- Be a self-learner/discoverer
- Able to set aside study time

Study time formula:
1 credit hour = 3 study hours per week
Most distance learners spend 4-6 hours per credit hour
VETERINARY TECHNOLOGY
DISTANCE LEARNING PROGRAM

- Associate of Applied Science degree, science-based veterinary nursing program ONLINE!
