**The Establishment of the Alumni Faculty Award  
for Excellence in the College of Veterinary Medicine**

This Faculty Document rescinds and supercedes FAC. DOC. 82-4, dated 2/9/82, titled: The Establishment of an Alumni Distinguished Faculty Award in the College of Veterinary Medicine.

Background: The Purdue University College of Veterinary Medicine PVM Alumni Board (formerly known as the Alumni Liaison Committee) meeting in regular session on 24 October 1981 recommended that a Distinguished Faculty Award be established. Independently, and shortly thereafter, Dr. and Mrs. Carl Osborne (PUR '64) made a cash contribution to the College, the interest from which was to "...be used to foster academic excellence and scholarship by collegiate faculty." In both instances, the recommendation was that the faculty member be identified and publicly recognized annually for performance excellence by a suitable award mechanism. The Administrative Group of the College, after considering these recommendations in detail, favorably accepts them and recommends the establishment of The Alumni Faculty Award for Excellence.

Eligibility:

1. All voting faculty members of the PVM are eligible.
2. Recipients of the award shall remain ineligible for reconsideration.

Criteria for Selection:

1. Any number of eligible faculty members may be nominated to the selection committee.
2. There shall be not more than one award per year.
3. Criteria for selection are the judged performances and contributions in one or more of the following:
  - A. Research, scholarly, or creative endeavors
  - B. Instruction and related activities
  - C. Public and professional services and relations

Procedures:

1. A nomination form will be developed and distributed to the PVM voting faculty by the dean in the spring semester of each year.
2. Only nominations from PVM voting faculty will be considered.

3. Nominations with attendant documentation will be due in the Office of the Dean at least 6 weeks after distribution of the nomination form. Please include 4-6 letters of support.
4. All nomination materials will be duplicated and distributed to the selection committee.
5. The selection committee shall be the selection committee identified to consider nominations for Distinguished Alumni Awards (two members selected from and by the PVM Alumni Board; two members selected by the PVM Faculty Committee; the dean (or designee), who shall chair the committee; and one additional member selected by the Administrative Group of the PVM). This committee will consider all nominations reaching it and will act in time to have the necessary materials prepared for the award presentation.
6. In case there are no nominations, or, if in the opinion of the selection committee, none of those nominated qualify, no award will be made that year.

The Award:

1. The award shall consist of:
  - A. An individual plaque presented to the awardee.
  - B. A check in the amount of \$1,000 on the PVM Development Fund, or a specifically designated fund if one is established, to support this program.
  - C. The recipient's name placed on a suitably engraved master plaque which shall hang in a conspicuous place in the College of Veterinary Medicine.
