GO VET!

Go Vet! was developed by a veterinarian, Dr. Sandy San Miguel, as a fun way to learn about many kinds of veterinarians and a few of the wonderful things they do to help people and their animals!

How to Play!

1. Take turns Going Vet (being the veterinarian).

2. To Go Vet, pick a Vet Type or Action card.

3. Tell the other players to guess the type of vet or what you are doing.

4. Draw, talk, make noises, and act out clues to help the other players guess correctly.

5. Once a player guesses correctly, it's the next person's turn to Go Vet!

6. Play in teams or add a time limit to guess for extra fun!
